Welcome

“ We built our successful business based on one simple word “**TRUST**” . Because of this word we established our strength throughout the local market.

We work with our clients life cycle from inception to implementation with supplying capabilities to all the required equipment, devices, materials and after sales services, delivering unique technologies and end-to-end solutions. We turn our knowledge into value for the benefit of our clients, staff members and our communities.

united Credible Sdn Bhd provides a new idea, new innovation and is creating new market.

Where are we?

About us

United Credible Sdn Bhd reg. no (985013-M) is one of the leading Bumiputera company. Established in 2012 and based In Bintulu Sarawak. Growing up as a major service provider of building maintenance, construction, engineering works and specialize in Heat Ventilation Air Conditioning services for the HVAC system; supply, designing, building, installing and servicing air conditioners cover the entire spectrum of Oilfield & Industrial materials and equipment.

Our unique ability to provide these services and our successful track record make us an enviable partner in these fields. We always strive to provide excellent service to all our clients and we are committed to giving you the kind of service you need and expect. Our rates are both very competitive and reasonable.

Our culture expects results, and for those results to be achieved in a customer-focused, respectful manner. For delivering results, our employees are duly recognized and rewarded for their contributions. Our talented teams, expertise across a wide range of industries, collaborative approach and proven processes are the essential ingredients of UCSB total commitment to our clients' success.

Vision

To become a regional leader in our industries, offering clients complete satisfaction and delivering the best value and most cost effectiveness services based on quality, reliability and trust.

Solidity

We build infrastructures and projects that stand the rest of time and promote sustainable development for current and future generations.

Values

Trust

Our top level goal is always to build with integrity by being honest and open with our clients, consultants & partners.

Teamwork

We direct individual accomplishments towards organizational objectives by sharing together, working together and succeeding together.

Customer Satisfaction

We listen to the business needs of our clients and aim to surpass their expectations through the quality solutions we deliver.

Team

As people are crucial in the delivery of our services and solutions to our clients. In order to ensure that everyone is equipped the right skills, knowledge and attitude a comprehensive development program is in place to constantly educate our people in new technical and management skills, enabling them to execute their duties and responsibilities confidently.

Air conditioners provide your home and office with ambient living & working conditions respectively. Air conditioning engineers broadly divide air conditioning applications into comfort and process.
